

AB-1

ALUMINUM BRIGHTENER

TECHNICAL DATA SHEET

Description: **HYDRO-CHEM'S AB-1 ALUMINUM BRIGHTENER** is an aggressive cleaner that whitens and brightens aluminum. Used for keeping semi-trailer rails and tractor fuel tanks clean and bright. Also used on other aluminum products such as pontoons and aluminum trailers.

Advantages:

- Brightens and whitens aluminum.
- Safe on painted surfaces.
- Work with warm or cold water.
- Helps remove oxidation from painted surfaces.
- Biodegradable.

Specifications:

Physical Form:	clear to straw color liquid
Odor:	acidic
Solubility:	Completely in water
Foam	light

Directions:

Not recommended for use through pressure washer. Best application is with pump-up hand sprayer or diaphragm pump applicator. AB-1 can be used from pure to 50:1, depending on strength of AB-1 purchased.

Caution:

All AB-1 products contain Hydrofluoric Acid. Rubber gloves and face shield should be worn when using AB-1. Test use dilution of AB-1 on surface to be cleaned to be sure of desired results.

****Hydro-Chem's acid warning letter and precaution sheet must be signed by customer prior to HCS allowing purchase.****

**DO NOT USE ON ANODIZED OR MIRROR POLISHED ALUMINUM SURFACES.
DO NOT STORE IN METAL OR GLASS CONTAINERS.**

DO NOT use this product on or near glass, glass may be fogged.

DO NOT swallow.

DO NOT get on skin or in eyes.

- ◆ **KEEP AWAY FROM CHILDREN**
- ◆ **FOR INDUSTRIAL USE ONLY**
