

ALUMA-CLEAN

TECHNICAL DATA

Description: *HYDRO-CHEM'S ALUMA-CLEAN is a mild acid solution with detergents designed to clean aluminum and stainless steel. ALUMA-CLEAN will clean aluminum without whitening the surface and will leave the aluminum with a "like new" appearance. Follow instructions for proper use.*

Advantages:

- Cleans aluminum without whitening.
- Cleans stainless steel.
- Keeps aluminum looking like new.
- Use an aluminum or stainless steel tankers. Bulk carriers, gravel trains, wheels, tanks, etc.

Specifications:

Physical Form:	Straw/Clear Liquid
Odor:	Acrid acidic odor
Solubility:	Complete in water
Foam:	Low

Directions:

Apply Aluma-Clean undiluted with an air pump system or pump up sprayer. Aluma-Clean is not designed for use through pressure washer. Apply only amount that won't dry on surface. Allow to dwell about 1 to 1-1/2 minutes. Rinse thoroughly with a pressure washer from bottom up and finish rinsing from top down. If surface is more heavily soiled, Aluma-Clean can be followed with a mild alkaline detergent such as Pro-Wash before rinsing. Be sure to rinse off Aluma-Clean over spray from back of cabs, wheels, etc. If rinsing is done improperly, streaks may appear as vehicle dries.

Caution:

All surfaces should be tested in an inconspicuous area to be sure unwanted cleaning results do not occur. Do not allow to dry before rinsing.

If accidentally splashed in eyes, wash with water for 15 minutes and get prompt medical attention. Wash with water to remove from skin.
