

# CTC-GEL

## Cement Truck Cleaner

### TECHNICAL DATA SHEET

**Description:** *HYDRO-CHEM'S CTC-Gel Cement Truck Cleaner is an aggressive acid cement truck cleaner that **CLINGS** to the surface. The gel helps keep the cleaner from drying too fast, which gives the driver or wash person time to clean the truck. Also, the **cling** of the gel allows the cleaner to dwell and "work" on the cement for easier removal.*

#### Advantages:

- Helps keep equipment looking good.
- Make maintenance of equipment easier.
- Contains inhibitors to reduce acid etching and scoring of hydraulic rams and reduce corrosion in mechanical area.
- Won't dry too fast on hot days.

#### Specifications:

Physical Form	green liquid
Odor:	acid smell
Solubility:	complete in water
Foam:	very low

#### Directions:

HCS's CTC-Gel is designed to be applied directly to surface with bucket and brush or air applicator. Can be diluted with water, but the viscosity caused by the gel will be reduced. Diluted CTC-GEL will not "cling" as long and will be less aggressive.

#### Caution:

Contains Hydrochloric acid. If chemical is spilled on body and clothes, remove clothes and thoroughly flush area of body with water. If chemical is accidentally splashed in eyes, wash with water for 15 minutes and get immediate medical attention.

- ◆ **KEEP AWAY FROM CHILDREN**
- ◆ **DO NOT SWALLOW.**
- ◆ **FOR INDUSTRIAL USE ONLY**
- ◆ **DO NOT STORE IN METAL OR GLASS CONTAINER.**
- ◆ **DO NOT USE ON ANODIZED OR MIRROR-POLISHED ALUMINUM SURFACES.**
- ◆ **THE PURCHASER OF THIS PRODUCT ASSUMES ALL RISKS AT ALL TIMES**
