

G&O

TECHNICAL DATA SHEET

Description: *HYDRO-CHEM'S G & O is a heavy-duty degreaser that can be used in its pure state to help soften tar and asphalt. When mixed with kerosene or diesel fuel, it is safe for use on accumulations of grease and oil.*

Advantages:

- Excellent on heavy grease or light tar.
- Excellent on light grease and oil.
- Excellent for parts washers.
- Emulsifies oil.

Specifications:

Odor:	Solvent
Solubility:	Emulsifies

Directions:

Apply with spray applicator or brush.

Do not apply through pressure washer.

For heavy grease or light tar, use full strength and keep surface wet until accumulation is dissolved or is soft enough to scrape or rinse off.

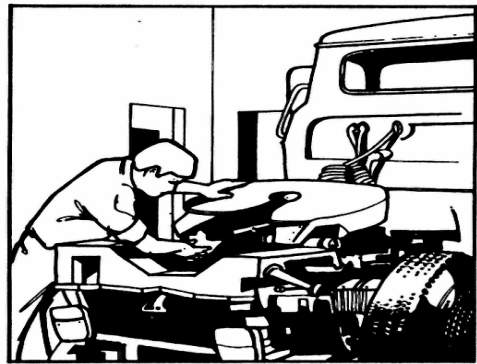

For light grease and oil, use full strength or dilute with kerosene, diesel fuel, or mineral spirits using from 1-3 parts dilutant with 1 part G&O Degreaser.

Caution:

FLAMMABLE. Test before using full strength on painted surfaces. Do not let dry. Use with adequate ventilation.

If accidentally splashed in eyes, wash with water for 15 minutes and get prompt medical attention. Wash with water to remove from skin.
