

HYDRO SCRUB

TECHNICAL DATA SHEET

Description: *HYDRO-CHEM'S HYDRO-SCRUB* is a superb general-purpose cleaner/degreaser. Its innovative formula is low sudsing, caustic free and phosphate free allowing it to be used in all applications, including floor scrubbers, hand sprayers, mop & bucket, and pressure washers.

Advantages:

- Economical.
- Multi-use.
- Removes grease & oil from concrete floors to improve forklift traction and reduce slip and fall hazards.
- Low-foaming, rinses easily.
- Phosphate free.
- Biodegradable.
- Non-caustic, non-acid.
- Average usage pH under 10.
- Safe for use in septic tanks and sewer systems.
- Works great in hot or cold water.

Specifications:

Physical Form:	Purple colored liquid
Odor:	Mild, pleasant citrus
Solubility:	Complete in water
