

PRO-WASH

TECHNICAL DATA SHEET

Description: *HYDRO-CHEM'S PRO-WASH* is a fully compounded, biodegradable vehicle washing concentrate. It provides high flash foam which has outstanding stability in the presence of greasy oils. Among its many advantages are its excellent performance and constant viscosity to provide lubrication for brushes.

Advantages:

- Contains no inert fillers.
- Good viscosity for lubrication.
- Biodegradable
- May be rinsed well, even after drying.
- 100% Biodegradable.

Specifications:

Physical Form:	Pink color
Odor:	Pleasant, soapy
Solubility:	Complete water
Foam:	Heavy

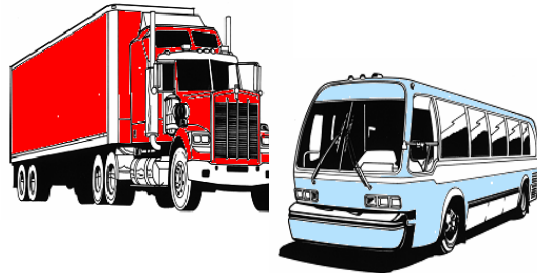

Directions:

- 50:1 - 300:1 for lubrication of brushes or for use through pressure washer, either hot or cold
- 1/2 - 1 oz. Per gallon of water in bucket for hand washing. A spray of water will activate the foam.

AVAILABLE IN VARIOUS CONCENTRATIONS.

Caution:

- ◆ **KEEP AWAY FROM CHILDREN**
- ◆ **FOR INDUSTRIAL USE ONLY**
- ◆ **THE PURCHASER OF THIS PRODUCT**
- ◆ **ASSUMES ALL RISKS AT ALL TIMES**
